

Keen to Coach?

Supplement your income...

British Orienteering is currently working with Harlequins to introduce weekly club nights to Walsall and Kidderminster with the potential for other venues such as Malvern and Worcester to follow thereafter.

Central to a club night is an enthusiastic and resourceful coach able to introduce orienteering to beginners and develop existing orienteers. There are a certain number of paid coaching opportunities as part of the programme which we are keen to offer to home grown club talent prior to advertising more widely.

Lack of formal training need not be a barrier as British Orienteering will be scheduling Level 1 coaching courses which will provide you with all the background that you need to lead club sessions with confidence. These three-day courses are run at a subsidised rate of just £95 with the potential for further financial support locally.

Coaches would be responsible for:

- Planning/leading a 40 week, 1.5hr evening session
- Working with British Orienteering and the club to administer and publicise the sessions

If you would like to inspire orienteers of all ages and abilities, contact Caroline Gay on 07891 091 635 or cgay@britishorienteering.org.uk for further information.
