

Day 3 - 80m FoxOring

Monday 25th May

Travel

- Location: Corndon Hill, Grid Reference SO302975. Map at this URL: [\[http://www.streetmap.co.uk/map.srf?X=330250&Y=297550&A=Y&Z=120\]](http://www.streetmap.co.uk/map.srf?X=330250&Y=297550&A=Y&Z=120)

- Corndon Hill lies just west of the A488 road from Shrewsbury to Knighton.
- From Shrewsbury follow the A488 through Pontesbury, Minsterley and up the picturesque tree lined valley at Hope. Corndon Hill comes into view at the top of the valley and in a further 1.5 miles turn right for Priestweston. The Hill will be on the left side after the turn. The assembly area is 2km along this road on the left hand side
- From Ludlow, take the A49 northwards. In 8 miles turn left onto the A489. In a further 9 miles note the A488 joining from the left at Lydham. In another half mile keep right on the A488 signed to Shrewsbury. In 5 miles turn left for Priestweston.

Registration - 9:30 to 10:00

After parking make your way to Radio registration. If you did not register on Saturday 23rd or Sunday 24th May then:

1. Fill in the registration slip.
2. Confirm that we have all your information correctly recorded on the master registration sheet.
3. Note your competitor number,
4. Pay your entry fees for the days that you are running (£9 per day senior). Cash please - we cannot take cheques or credit cards
5. Collect and pay for your hired SI CHIP.  If you intend running an orienteering course after your radio run - then you will need to use a different SI CHIP or *else the computer will delete your ARDF time!*
6. Note the transmitters you must find

RSGB ARDF FESTIVAL 23-24-25 MAY 2009

7. Note your starting time.

If you have already done all this on day 1, then you just need to go to the start with all your equipment ready to race at five minutes before your published start time,

Start and Map

1. We are using one of the Orienteering starts today. There are two Orienteering starts, S1 and S2. We are using S1 which is the nearest of the two and is located on the right side of the unmetalled road that runs southwards past the assembly area. Allow 10 minutes from the Assembly area.

Start 1 is located at SO301972.

[\[http://www.streetmap.co.uk/map.srf?X=330100&Y=297237&A=Y&Z=115\]](http://www.streetmap.co.uk/map.srf?X=330100&Y=297237&A=Y&Z=115)

2. It is a punching start. If you forget to punch at the start, you will not be credited with a time for your run.

3. Pick up the map as instructed by the start official

4. The map is unbagged but printed on waterproof paper. It is 1:10.000 A3 size with 5m contours.

5. Remember to Clear and Check your SI card before you start.

6. The start is denoted by a triangle and the finish by a double circle.

Courses and Competition Area

1. The required transmitters are:

M21/M40	ABCDEFGHIJ	(miss none)
M50	BCDEFGHI	(miss A and J)
M60	BCDEFGHI	(miss A, E and J)
D35	ADEFGHIJ	(miss B and C)
D50	ACFGHIJ	(miss B, D and E)

2. The transmitters are audible from within the circles marked on the map but are not necessarily located within the circles.

3. Transmitters send the morse character corresponding to their designating letter.

4. The transmitters and SI boxes are positioned low on the ground and can only be seen when you are very close.

5. The transmitters send for 30 seconds in every minute

6. There is a time limit of 120 minutes. If you exceed 120 minutes you must abandon your course and go immediately to the finish.

7. Fences may be crossed anywhere. The marked crossing places are intended to help junior competitors scale the fences. They are not mandatory crossing places. Please report any damage to fences that you observe.

8. In the event of bad weather, you may be required to carry a cagoule (waterproof garment)

9. The course closes at **14:00**

RSGB ARDF FESTIVAL 23-24-25 MAY 2009

Finish

1. We are using the same finish as the orienteers. There is no beacon at the finish.
2. You must put your SI card into the finish SI unit to 'register your run and stop the clock'.

Download 1 (As for orienteering)

Please follow signs to the orienteers download station. They will record your time and Tx visits as registered in your SI Chip. This is the safety check that ensures that every competitor who has started has also downloaded at the finish

Download 2 (Radio registration) & Results

- The SportIdent software cannot process orienteering and fox-oring at the same race.
- Please return to Radio Registration. Here we will, again, take the time and Tx visits from your SI chip
- Results will be displayed at Radio Registration

Prize giving (estimated time 1345 hrs)

- There will be a short ceremony (at the Registration tent) when certificates will be awarded to all classes. Prizes for the fastest overseas competitor and the fastest home competitor.

Safety

- You compete at your own risk
- There are steep slopes, rock faces, pits and high fences - take care when choosing and following your route.
- You **MUST** carry a whistle.  If you do not have a whistle one you can buy one from the orienteering shop at the event or we may have one you can borrow.
- You are required to wear 'full body cover' - this is typically defined as LONG TROUSERS or BREECHES & GAITERS plus at least a T-SHIRT
- If the weather is poor you **MUST** to carry a raincoat. In case of thunder or lightning the race will be abandoned.
- After your run you must report to the main SI download station and to the Radio Registration - even if you do not complete your course. We must make certain that you have returned safely.
