Number 84 is opposite Leabon Grove and is the middle terrace (the terrace is at a tangent to the road - just to confuse)

Directions; From the A38 from Birmingham city centre; just after Selly Oak, turn right at Sainsburys. Continue down road until roundabout. Take the 2<sup>nd</sup> exit up the hill with the boarded-up pub on your left. Turn left at the top of the hill into Malins road, turn first left into Metchley Drive. Continue to the junction, turn left and it's just on the left past the pond (which you won't see because it'll be dark)

From the A38 from the M5, continue past Northfield, in the direction of Selly Oak, until you get to the Sainsburys just before Selly Oak (not the Sainsburys in Northfield). Continue as above.

Courses;       Short course; 3.31 km, burns 274 calories (80 kg person)  
                  Medium course; 5.81 km, burns 481 calories (80 kg person)  
                  Long course; 7.37 km, burns 611 calories (for 80 kg person)
