STILL FEATURING:

The Only Six-Colour Orienteering Map In The Universe!

If you don't believe me, come and count them!

RETURN OF THE FABUOUSLY-POPULAR MICRO URBAN-O !

Completion of repairs under the M6 means that the Medium and Long courses can take in **Salford Circus**, a 1:500 map of various features lurking at the bottom of a pile of Spaghetti Junction. A short section, but very sweet!

AND FACING UP TO THE NANNY-STATE, YET AGAIN WE

WILL OFFER YOU SUICIDE-O !

Try it if you dare! Thumb your nose at risk assessments and any concern for human life! Thrill to controls like 'Railway Bridge, between the tracks' and 'Island, North End'!

Courses: Short, Medium and Long

Starts: Between 6pm and 7pm.

Requirements: Whistle. Light-coloured or Reflective clothing. Torch or Headlamp highly-recommended for the Long Course.

Organiser/Planner: Andy Hemsted
