

Walsall Campus – Organiser's comments

Well I hope you all enjoyed that as much as I did – an interesting campus, a couple of very well-planned courses and lovely late summer weather. Perfect. And you could even warm up with the local Walsall Arboretum parkrun first – the start team did!

Thanks as always to the HOC helpers, who turn up and cheerfully get on with whatever needs doing. Thanks also to the Sports Centre staff who made us very welcome and provided possibly the best setting for SI that I've ever seen – it'll be back to a leaking tent soon. But most of all thanks to Barry McGowan for all his work both before and on the day.

Marian .
