

Smile Four, 4th November Callow Hill

Please find the results below.

I was a little surprised not to have found this event being used as a practice event for the forthcoming British Schools Championships.

It was a beautiful sunny day. The children from Stanley Road School certainly enjoyed there day out, although a couple of the lads did get a little boisterous with their competitive spirit, amongst their fellow peers. I do hope these children continue orienteering, they have shown a lot of promise.

Finally I would like to say thank you to all the people that have helped me to put on the four events, that have formed this years smile series.
