

BAGGERIDGE SEE 15th May 2008

What happened to the weather? Wet at Baggeridge, don't think I've had that before. Sorry for my error on the Green course, control 11 should have been T.... not Y...., hope it did not delay you too long.

I now know that nettles grow at the rate of 12" per week when it rains and then the sun shines, I did try and make paths into the controls, my legs are still burning!!!

Mike Dugmore victorious on the Green, beating Alison Sloman into second place closely followed by Charlie Nelson. I understand Alison was doing some re mapping on the way round as well, just to make it more interesting. Dennis missed a couple of controls and Russ claimed to have missed one, but had managed to lose his card, bit dubious this but I have just added 5 minutes for each missed control.

The Blue proved a little longer than I expected although the trio of Richard, David and John made light work of it with Alex Roberts coming in a close fourth.

A fantastic result on the Sprint O, A new Sprint Star is born, Peter Langmaid coming through victorious beating Richard Dearden, David Williams and Robert Vickers, I won't publish the times to save further embarrassment.
